

WORK SMARTER IN HARSH ENVIRONMENTS

The Spectrum Rough Pro EX-SM14 is your mobile sidekick in harsh working environments.

This rugged smartphone houses unlimited professional possibilities: Dual SIM Quad Band, seamless data exchange, Bluetooth and much more.

Waterproof

The Spectrum Rough Pro EX-SM14 can be submerged in water for 40 minutes, even at 1.2 meters depth. It's the waterproof phone that can handle any humid location. It brings reliable communication to offshore, maritime and extremely humid environments.

Rugged & shockproof

Spectrum Rough Pro is extremely robust, and even MIL-STD-810G certified. As a result, this rugged smartphone resists shocks to a far-reaching extent. It's what makes them so ideal for usage in the maritime environment, oil & gas and chemical industry.

Connected on every level

Spectrum Rough Pro ensures you're always connected. Its Dual SIM Quad Band enables smarter roaming solutions. Data exchange is possible via WIFI or a mobile network. Data and voice connections run simultaneously. Moreover, Bluetooth connectivity enables countless extras such as helmet communication, LEL meter and more.

Android OS

Android-based, Spectrum Rough Pro smartphones can run numerous applications: track & trace, man down, compass... They will seamlessly fit into your enterprise's workflows.

Readable in broad daylight

The smartphone's 4.5 display is easily readable at all circumstances even when sunlight is shining directly onto the screen.

8 Megapixel Camera

Shoot the sharpest images thanks to the Spectrum Rough Pro's 8 Megapixel Camera. Enjoy High Resolution photography and streaming video applications.

Enterprise graded

Spectrum Rough Pro smartphones meet the requirements of your enterprise's IT infrastructure. They can run specific, tailor-made applications using the Remote Device Management Solution (RDMS).
